		Average:		Average:	

Annual Average Summary ¹	
Total Trihalomethanes (mg/L)	Haloacetic Acids (mg/L)

1- Annual average is the average of the yearly data.

1. Is the Annual Average of Total Trihalomethanes > 0.080 mg/L? _____

2. Is the Annual Average of Haloacetic Acids > 0.060 mg/L? _____

Systems with an Emergency Well¹

1. Did the water system use an emergency well this past year? _____

2. If yes, on what date was the state informed of its use? _____

1- An emergency well is one in which the state has approved the source as only for use during an emergency situation. The state must be informed by the end of the next business day after an emergency well has been used.

Groundwater Systems that Purchase Surface Water¹

1. Did the water system use any Surface Water during this past year? _____

2. If yes, during which months did you use Surface Water? _____

1- If the water system serves greater than 500 people, increased monitoring for TTHM and HAA5 must be done each quarter surface water is used. If the water system does quarterly monitoring, the quarterly monitoring report must also be completed.
